MEMORANDUM FOR: 

25X1

Deputy Assistant Director  
ORD/DD/S&T

SUBJECT: Commendation

1. It is my desire to commend you for your participation as the senior Agency staff officer rendering full time support to the Special Photographic Working Panel which met under the chairmanship of Dr. Sidney Drell during the period 13 November 1963 to 9 February 1964.

2. I am aware that during this same period you also continued to discharge your responsibilities as Deputy Assistant Director in the Office of Research and Development. Under normal conditions, it would be most demanding to carry on both sets of responsibilities. I am sure you found it all the more difficult because of the creative stage in which the Office of Research and Development still finds itself.

3. Your efforts, along with those of Dr. Drell and other members of this Panel, have been in the highest National interest. I trust that both as a result of the findings of this Panel and the undertakings of the Office of Research and Development we will see further progress made in this most vital area of intelligence collection.
